MEMORANDUM FOR: General Counsel

THROUGH: Deputy Director for Science and Technology

ATTENTION:

FROM:

Director, Foreign Broadcast Information Service

SUBJECT: Monitoring of Foreign Television at Langley

REFERENCE: Memo for OGC from D/FBIS, dtd 11 Dec 84, Same Subject

1. This is a followup to our memorandum of 11 December 1984 to the effect that FBIS has been tasked to provide live monitoring of foreign television from the Headquarters compound, in response to DI requirements.

2. Based on previous opinions of OGC, I assume that certain control procedures will be required while conducting this monitoring. The technical control of the monitoring dish will be in the hands of FBIS, with the signal provided to OCR for distribution. We expect to start up by July and would therefore like to confirm with you the procedures we must follow to meet legal requirements.

3. I will be happy to discuss this with you at any time. Contact point in FBIS should be [redacted] Chief, Monitoring Operations Division (Green [redacted]).
